Freeze Dryer BATCH LOG

Every machine, kitchen and climate is different. Logging each batch is how you learn *your* times, so the next load of strawberries is a no-brainer.

Date	Food & prep	Trays	Weight in	Weight out	Pre-frozen?	Total time	Notes / added dry time

IS IT DONE? Weigh a tray at the end, add 2 hours, weigh again. Same weight? It's done. Anything cool or gummy in the middle needs more time.
